
Toastmasters Meeting Notes for 6-17-13

Vacations must be in full swing. We had a lot of members out today, but that didn't stop our speakers from delivering some great speeches. Here are some quick pics.

Isaiah had an outstanding Icebreaker speech that let us find out more about him and his motivation in life. Eric said that right now is the most exciting time in his life. I agree with him. John took us on a tour of the Caribbean Islands and gave some fascinating info about the locations. To get us in the mood he played Bob Marley. I wish I had been faster at taking pictures because I thought I saw him wearing dreadlocks.

Lynn was a very enthusiastic Toastmaster!

Nancy told the group she was joining the Club. Jeannie joined last time. More Icebreakers ahead!

John and Julia were looking for Denise.

Here is next week's schedule. See everyone there.
